INDIANA LANDMARKS

INDIANA LANDMARKS CENTER

A state-of-the-art event and performance facility in a restored historic church

Owned and operated by **Indiana Landmarks,** a private nonprofit organization that saves historic places and uses preservation as a catalyst to revitalize communities. What started as a small, all-volunteer group in 1960 has grown to the largest statewide preservation group in the U.S., with 6,000 members and nine offices across Indiana.
