GRAPHIC SCALE SHOWING ACTUAL 1/16"-1'-0" SCALE

THE RESIDENCE as built by Captain CHARLES RIDGELY born 1733 died 1790 He was a private sea captain and the traditions of the family are that he was interested in building and had an Architectural Library. It is supposed the main ideas of the design were his. The house was started in 1783 and completed in 1790 the year of his death. The central part of the building was the last to be completed. An old record at HAMPTON states that a number of the workmen came from a distance and that in the winter they were allowed to leave work at three o'clock so they could avoid the danger of wolves in travel. The present owner is Capt John Ridgely of Hampton
