When most people think of Sandals Resorts, they picture luxurious, all-inclusive vacations designed for adults, especially couples looking for a romantic getaway. However, if you're wondering, "Are there Sandals packages for families?" you're not alone. Many families are keen on finding a vacation spot where they can enjoy top-tier service, relaxation, and fun while creating lifelong memories. In this article, we'll dive deep into the **family vacation options** available at Sandals Resorts, explain how they cater to families, and answer the most frequently asked questions about family vacations at Sandals.

## Introduction to Sandals Resorts

Sandals Resorts are renowned for providing upscale, all-inclusive vacation experiences across the Caribbean. They are most famous for catering to **adults-only** getaways. However, there is another side to Sandals that families can also enjoy, especially when it comes to their sister brand, **Beaches Resorts**.

Unlike Sandals, which has a strict adults-only policy, **Beaches Resorts** is designed specifically for families. These resorts offer the same luxury experience but with amenities and services tailored to people of all ages, including children. Let's explore the details of the Sandals and Beaches family-friendly vacation options in this article.

## Sandals Resorts vs. Beaches Resorts: Family Vacation Differences

Before diving into specific family packages, it's essential to understand the difference between **Sandals Resorts** and **Beaches Resorts**. While Sandals is an **adults-only** brand, **Beaches Resorts** is its family-friendly counterpart, offering an environment where families can relax and enjoy activities together.

### 1. Beaches Resorts: Designed with Families in Mind

For families, **Beaches Resorts** is the preferred option under the Sandals brand. Here are some reasons why Beaches Resorts are ideal for family vacations:

- **All-Inclusive Experience:** Just like Sandals, Beaches Resorts provide an all-inclusive experience, where all meals, drinks, activities, and amenities are covered in the price. Families can enjoy unlimited dining options, water sports, and entertainment without worrying about extra costs.
- **Kids Camp:** Beaches Resorts offer the **Kids Camp** experience, which includes supervised activities for children of all ages. Whether your child is a toddler or a teenager, they'll have age-appropriate fun and engaging activities.
- **Waterparks and Pools:** Beaches Resorts are known for their **waterparks** and family-friendly pools. These include lazy rivers, splash pads, and water slides that will keep children entertained for hours.

- **Family Suites and Villas:** Beaches Resorts offer spacious accommodations, including family suites, which are perfect for parents traveling with their children. You'll find rooms ☐||+1→866→284→3014 with multiple bedrooms and extra amenities for families.

## 2. Sandals Resorts: Limited Family-Friendly Options

Although Sandals Resorts are **adults-only**, some families traveling without young children can still enjoy the luxurious experience at Sandals. For example, families with older teens may find Sandals' adult-oriented activities and amenities appealing. However, families with young children are generally advised to opt for Beaches Resorts due to the age restrictions at Sandals.

### Sandals Family Packages: Are They Available? ☐||+1→866→284→3014

So, you might be wondering if there are any Sandals family packages available. **Sandals Resorts** doesn't specifically market family vacation packages, as their offerings are geared primarily toward couples and adults. However, if you're traveling as a **multigenerational family** (e.g., parents and older children), Sandals can still be a good option. For larger families or those with teens, Sandals offers ☐||+1→866→284→3014 spacious rooms, multi-room suites, and options for groups.

While Sandals itself doesn't offer dedicated family vacation packages, they do provide services that some families may find appealing, including:

- **Multi-Room Accommodations:** If you're traveling with older children or extended family members, Sandals offers the option to book multiple rooms, which can be perfect for larger groups.
- **Teen-Friendly Activities:** Sandals provides activities that teens can enjoy, such as water sports, scuba diving, and beach volleyball, making it an attractive choice for families with older kids.

However, if you're looking for packages that cater to younger children, or if you're after an **all-inclusive family vacation**, **Beaches Resorts** is a much better option.
