## Can You Change Dates for a Sandals Vacation?

Yes, Sandals allows you to change the dates of your vacation, but there are specific guidelines you need to follow. The ability to change your vacation dates depends on the type of booking you made, the terms of your reservation, and when you request the change. It's important to know that changes to your booking are subject to availability, pricing fluctuations, and Sandals' policies.

### Factors to Consider When Changing Dates [+18662843014](tel:+18662843014)

- 1. Type of Reservation:**
  - **Standard Booking:** For regular bookings made through Sandals' website, travel agents, or their phone line, you can change the dates, but there may be fees depending on the time of the change.
  - **Promotions and Deals:** If you booked under a special offer or promotion, such as a seasonal deal or discounted rate, there may be restrictions that prevent changing your dates. In some cases, if you change your dates, the promotion may no longer apply, and you could be subject to higher rates.
- 2. When You Change Your Dates:** [+18662843014](tel:+18662843014)
  - The closer your change request is to your check-in date, the more likely you may incur additional charges. Changing the dates well in advance might give you more flexibility and fewer fees.
  - If your reservation is non-refundable, changing dates might not be allowed, but Sandals does offer some flexibility if you reach out early enough.
- 3. Fees for Date Changes:** [+18662843014](tel:+18662843014)
  - Changing the dates of your reservation may come with change fees. The exact amount will depend on your booking's terms and conditions.
  - Keep in mind that any difference in the price of your stay for the new dates will also apply. If the new dates are during a peak season, the price may be higher, which you'll need to pay in addition to any change fees.
- 4. Availability:**

- Changes to your dates will depend on room availability. Sandals resorts are known for being popular and can fill up quickly, especially during peak seasons, so availability may not always be guaranteed.
